

## RMS-Ingenico Advertising and Customer Controls

Give your Microsoft RMS and Ingenico signature capture installation the same signature capture functions as the “big box” stores! System Solutions RMS-Ingenico Advertising and Customer Controls Add On adds marketing capability and check-out efficiency to any Microsoft RMS / Ingenico installation.

The Ingenico signature capture can display

- Custom images
- Messages
- Running total
- Total and other transaction details

Display Options

5 standard screen forms which make up a transaction cycle:

- (1)Static Form displays your logo during POS inactivity
- (2)Tender Form gives customer ability to select tender
- (3)Card Type Form lets customer select Debit or Credit
- (4)Signature Form with signature box
- (5)Final Form displays your logo and a message

Desired text and images for 1, 4, and 5 must be received at time of order. Text changes are included if received at time of order (subject to display area limitations).

Custom static form packs (Combination mix of 3 different screens of type 1, 4, or 5 above) are available for an additional cost.

Custom programmed form packs (Combination mix of 3 different screens of type 2 or 3 above) are available for an additional cost.
