# RMS Rental

## "Off Rent" Tracking

- Customer calls in to take equipment "off rent" and contract is changed into a status of "off rent" pending return
- When the item is returned an invoice is generated and billed as of the "off rent" date

## Rent and Sell from RMS POS Screen

- Rent items with full, partial, or payment due at time of return
- Charge refundable security or other deposits for full or partial credit on rental return

## Rental Items

- Unique pricing, deposit, late fees set-up time, item messages, tag along items or fees, pictures, and specifications
- Rent multiple quantities of the same item to one or more customers
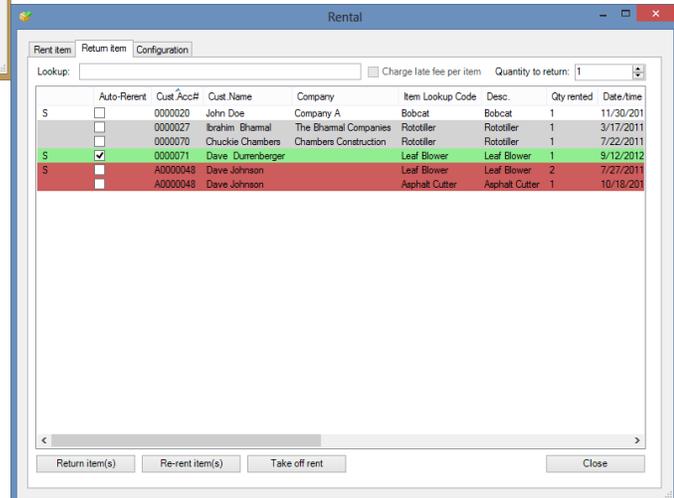

## Reservations

- Reserve item(s) for future time periods
- Make changes to reservations before pickup
- View Availability of all items for any time period
- Automatic conflict checking
- Reserve items with full, partial, or payment due at pickup

## Rental Contract

- Includes customer information, drivers license, and car license
- Terms and Signature Required terms (integrates with SS Signature Capture)
- Time out and time due in
- Damage Waiver

## Automatic Re-rent and bill to House Account
(store charge account)

- Re-Rent and assign reference number sequentially such that a given contract and subsequent re-rents can be group viewed in Microsoft RMS.

## Rental Return

- View overdue items and partial returns
- Charge late fees
- Make maintenance comments
- Track run-time hours
- Pro-Rated Rentals

## Configuration

- Many rental time periods, grace periods, late fees, deposits, and costs of goods
- Late fees can be fixed, auto calculated, or over-ridden
