

System Solutions RMS Android Inventory App

Trial Installation

Download directly from Android smartphone (recommended)

- 1.) Directly on your smartphone, open your browser and go to www.syssolutionsllc.com
- 2.) Click on the **RMS Add-ons** tab.
- 3.) Click **Trial** next to RMS Android Inventory App, under Store Management.
- 4.) Fill in your information and click Download File.
- 5.) Once the download finishes, open the downloaded file. This is usually found in your browser at Menu -> More -> Downloads.
- 6.) You might get a message about not being able to install applications from unknown sources. If you do, allow it by going to your phone's Settings, then Security -> Unknown Sources. (This may be found under Settings -> Programs -> Installation & debugging on older devices.) After enabling it, open the downloaded file again.
- 7.) Install the application.

Download from computer

- 1.) Open your browser and go to www.syssolutionsllc.com
- 2.) Click on the **RMS Add-ons** tab.
- 3.) Click **Trial** next to RMS Android Inventory App, under Store Management.
- 4.) Connect your Android smartphone with a USB cable to the computer.
