

Item Search

- Quickly find an item you are looking for by using one or more keywords and add it to the transaction.
- Search hundreds of thousands of items in a split second.
- The search will go through all relevant fields, like Item Lookup Code, Alias, Description, Extended Description, Sub Description 1 through 3, Notes, etc.
- Automatically looks for all forms of the keywords, including singular and plural, prefixed and suffixed words, different tenses in case of verbs and more.
- See item picture right in the search results, along with other information like Description, Notes, Sub Description fields, UoM, Bin Location, Price, Cost and many others.
- The add-on automatically remembers your setup of selected columns and other parameters.
